

2026 MSGA

BIODIESEL OPEN

AUGUST 24, 2026

STANDING UP FOR BIODIESEL

MSGA continues to take a stand to protect our biodiesel market that cleans Minnesota's air and pads your pocketbook. We're fighting for farmers by joining a lawsuit challenging the state of Minnesota's adoption of California's zero-emission vehicle mandate. Our farmer-led group is seeking to ensure the priorities of Minnesota's 27,000 soybean farmers are being heard by state leaders. Participating in the Biodiesel Open is just one of several ways you can support our advocacy efforts.
